Notes:

- 1) PEOPLES WIRELESS reserves the right to limit throughput or amount of data transferred, deny or terminated data services, without notice, for anyone we believe is using our Broadband Data Service in a manner that adversely impacts the network or service levels or whose usage exceeds reasonable levels.
- 2) 1,024 KB = 1 MB
- 3) Smartphone data plan can be provisioned with any PEOPLES WIRELESS Postpaid Voice rate plan.
- 4) BIS Lite includes access to all services included with BlackBerry Power except web browsing.
- 5) BlackBerry Power includes web browsing, access to up to 10 email accounts and use of the PEOPLES WIRELESS BlackBerry web portal.
- 6) BlackBerry Corporate includes web browsing, access to up to 10 email address, use of the PEOPLES WIRELESS BlackBerry web portal and synchronization with Microsoft Exchange, Lotus Domino or Novel Groupwise. Requires use of BlackBerry Exchange Server (BES) or BlackBerry Professional Service (BPS).
- 7) Referenced pricing does not include access to tethering. Tethering requires the use of DUN-(tethering) per KB pricing plan. I acknowledge that data will be billed at a per KILOBYTE rate no matter if the data is transmitted by Dialup Networking (DUN/Tethering) or via the approved EVDO device itself
